INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,000 city, county, state and national Directories, present to subscribers and the general public, this the 1961 edition of the Terre Haute City Directory, which also includes West Terre Haute.

Confidence in the growth of Terre Haute's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Terre Haute to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Terre Haute Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departr ents are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Terre Haute, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Terre Haute and West Terre Haute, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To

broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Terre Haute and West Terre Haute.

The Terre Haute Directory Library

Through the courtesy of the publishers of the Terre Haute City Directory, a Directory Library is maintained in the offices of the Terre Haute Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

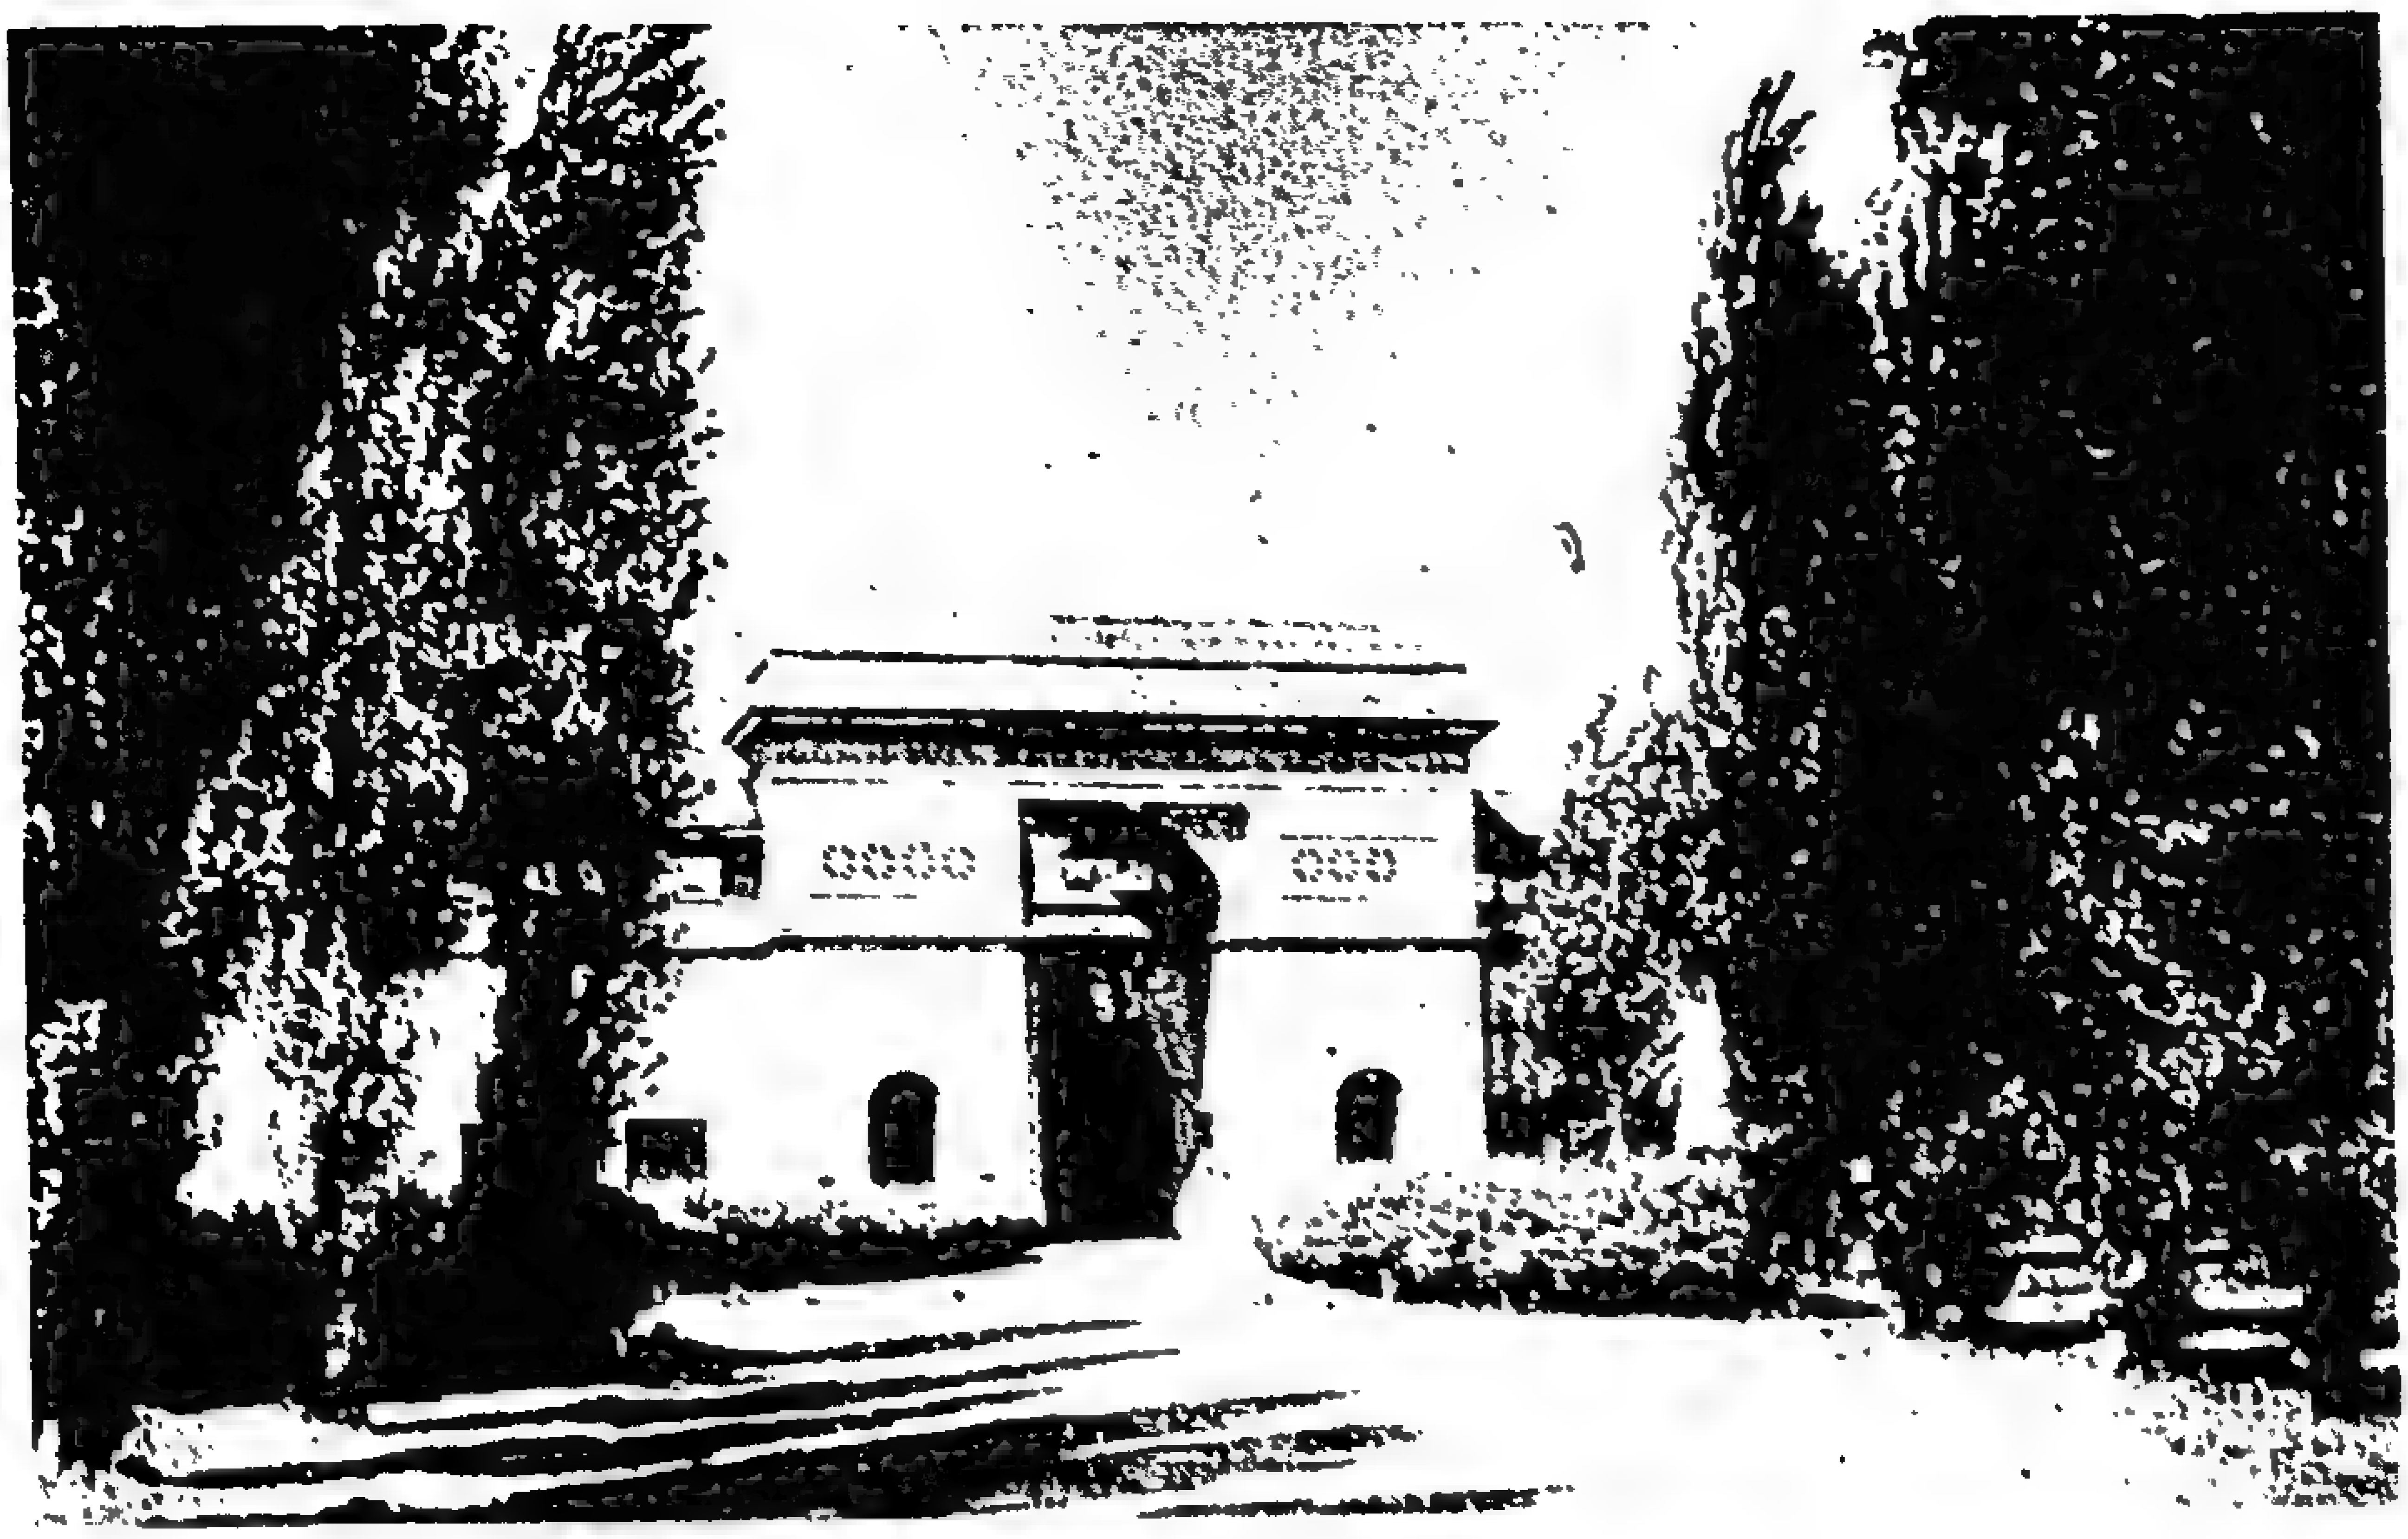
Police department has 111 men, 2 matrons and 1 traffic clerk with 1 station, 28 pieces of motor equipment, short-wave police radio and three-way broadcasting.



City Hall Building

Located at 17 Harding Ave. Picture was taken from the South Steps of the Vigo County Court House.

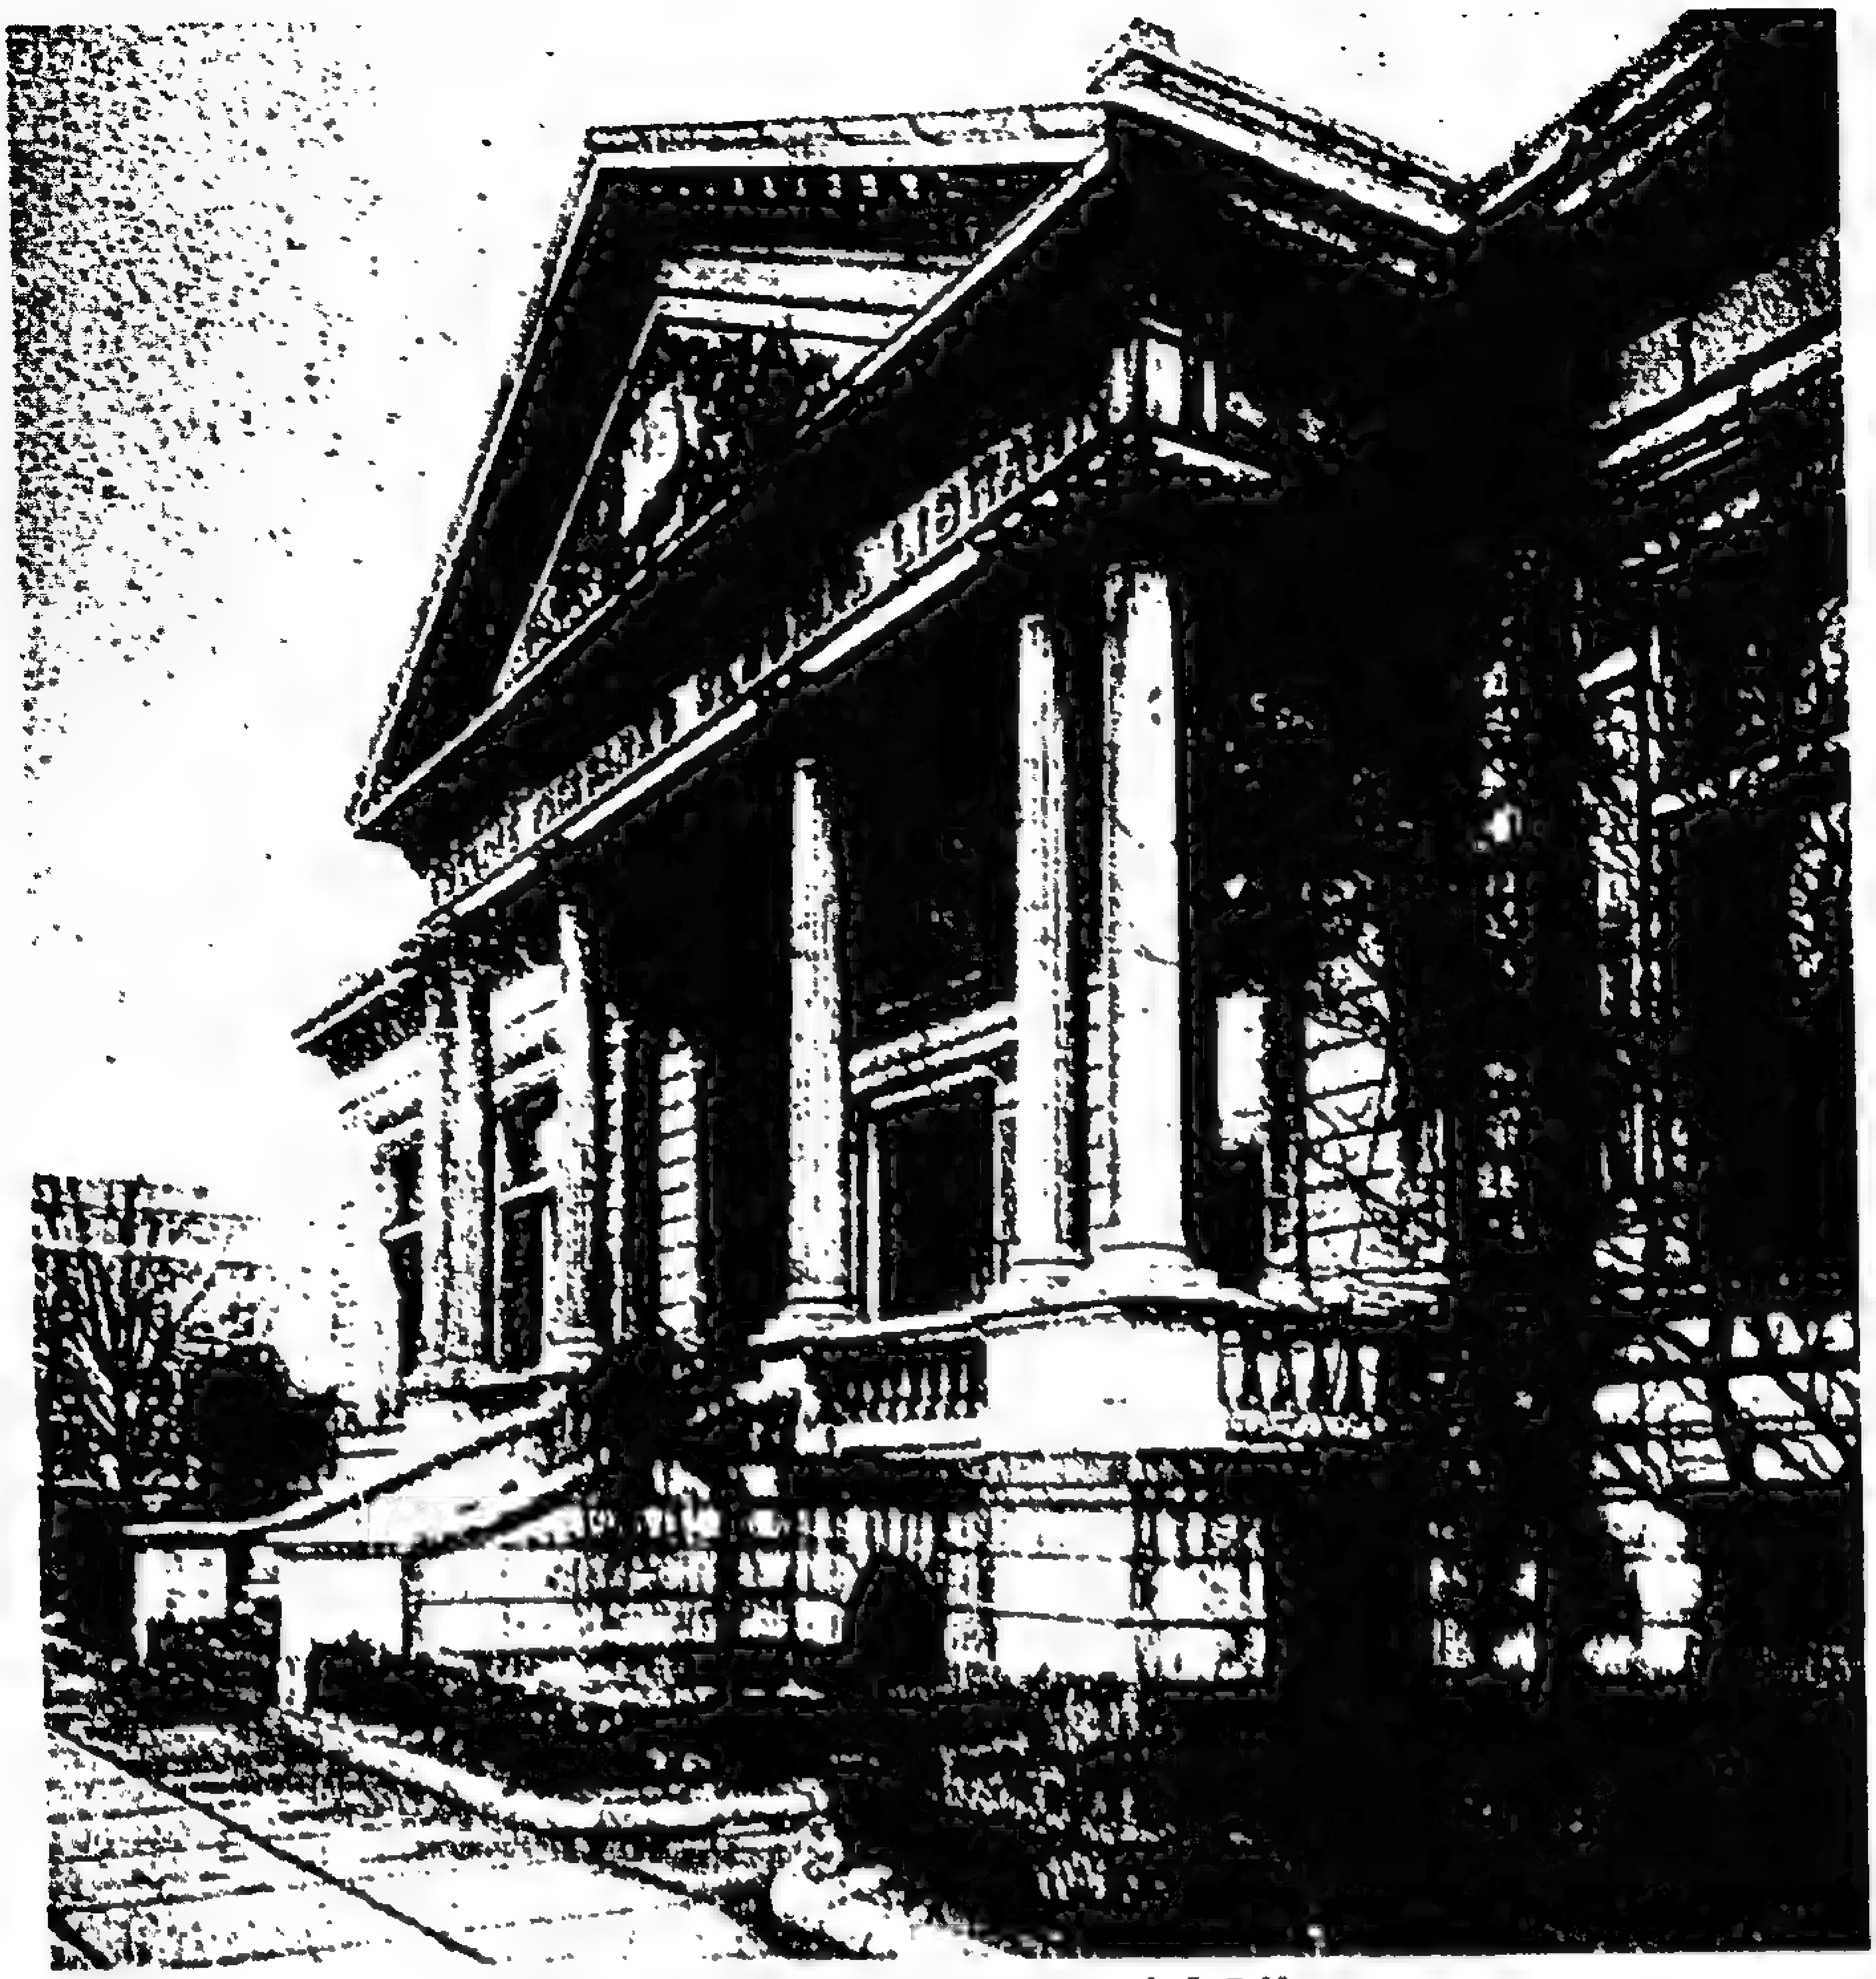
History, Location, Etc.

Terre Haute was founded in 1816, the same year that Indiana was admitted to the Union. It is the county seat of Vigo County, and is located on the east bank of the Wabash River, midway between its source and the point where it empties

Memorial Stadium

Built in memory of those who lost their lives in World War 1. Seats 15,000 people. Stadium is lighted for night games.

into the Ohio. As its name implies, Terre Haute is on high ground, being much above the high-water mark. Its area is 24.73 square miles and it is on Fort Harrison Prairie, a strip of level ground from two to four miles wide east and west, and sixteen miles north and south. Its latitude is 39 degrees and 28 minutes north; longitude, 87 degrees and 25 minutes west, and it is 498 feet above sea level. In 1828 it had 579 inhabitants, which increased to 2,300 in 1840. Metropolitan population is 108,000, with a 1960 Census figure of 71,851 for Terre Haute.



The city is within a few miles of the center of population of the U. S. and within a radius of 500 miles, is in touch with more than half the population of the country. Its distance from Chicago is 178 miles; St. Louis, 168 Miles; Cincinnati, 183 miles, and Louisville, 178 miles, with direct rail communication with all. Terre Haute ranks high as a railroad center, being on the main east and west lines of the New York Central and Pennsylvania, and on the Chicago, Milwaukee, St. Paul & Pacific and the Chicago & Eastern Illinois. These four systems have eleven lines branching out in every direction from the city. There is also a belt line around the city, which connects all railroads. Terre Haute Transit Co. Inc., operates the city bus lines. Eleven motorbus and coach lines operate in all directions to and from the city, giving regular service. There are also 30 trucking concerns, 6 of which have home offices here, engaged in freight transportation to any point of delivery.

Known recoverable bituminous coal reserves in Indiana exceed 35,000,000,000 tons. While production levels previous to the war period were around 13,000,000 tons per year, this production was increased to 28,000,000 tons in 1944. Men employed in the production of this coal number approximately 8,000. In the territory contiguous to Terre Haute, which is known as the Brazil Clinton Sub-district in Indiana, approximately 6,000,000 tons of coal have been produced annually in recent years. Terre Haute is so situated that supplies of all types of Indiana coal may be easily procured from the various producing fields in the state.

Public Utilities, Etc.

Telephone service is furnished by the General Telephone Co. of Indiana Inc., with 42,163 automatic telephones in successful operation. The local building is used as a show plant by the manufacturers of the automatic telephone.

The American Telephone & Telegraph Co. maintains its most important Indiana office in Terre Haute to provide telephone and telegraph facilities. This is the important junction for north and south business between Chicago and points fed by Louisville, Evansville, Nashville, Atlanta, Birmingham, Jacksonville and

Emeline Fairbanks Memorial Library

During 1959, circulation was 382,704. It contains 130,000 volumes, 500 phonograph albums, 20 films and 350 microfilmed items.

Miami; also New York and points east to west and southwest, including Chicago, Minneapolis, Milwaukee, St. Louis, Kansas City, Denver, Los Angeles, Houston and Dallas, and from points north and northeast to Indianapolis, Cincinnati, Columbus, Pittsburgh, Philadelphia, Washington, New York and Boston.

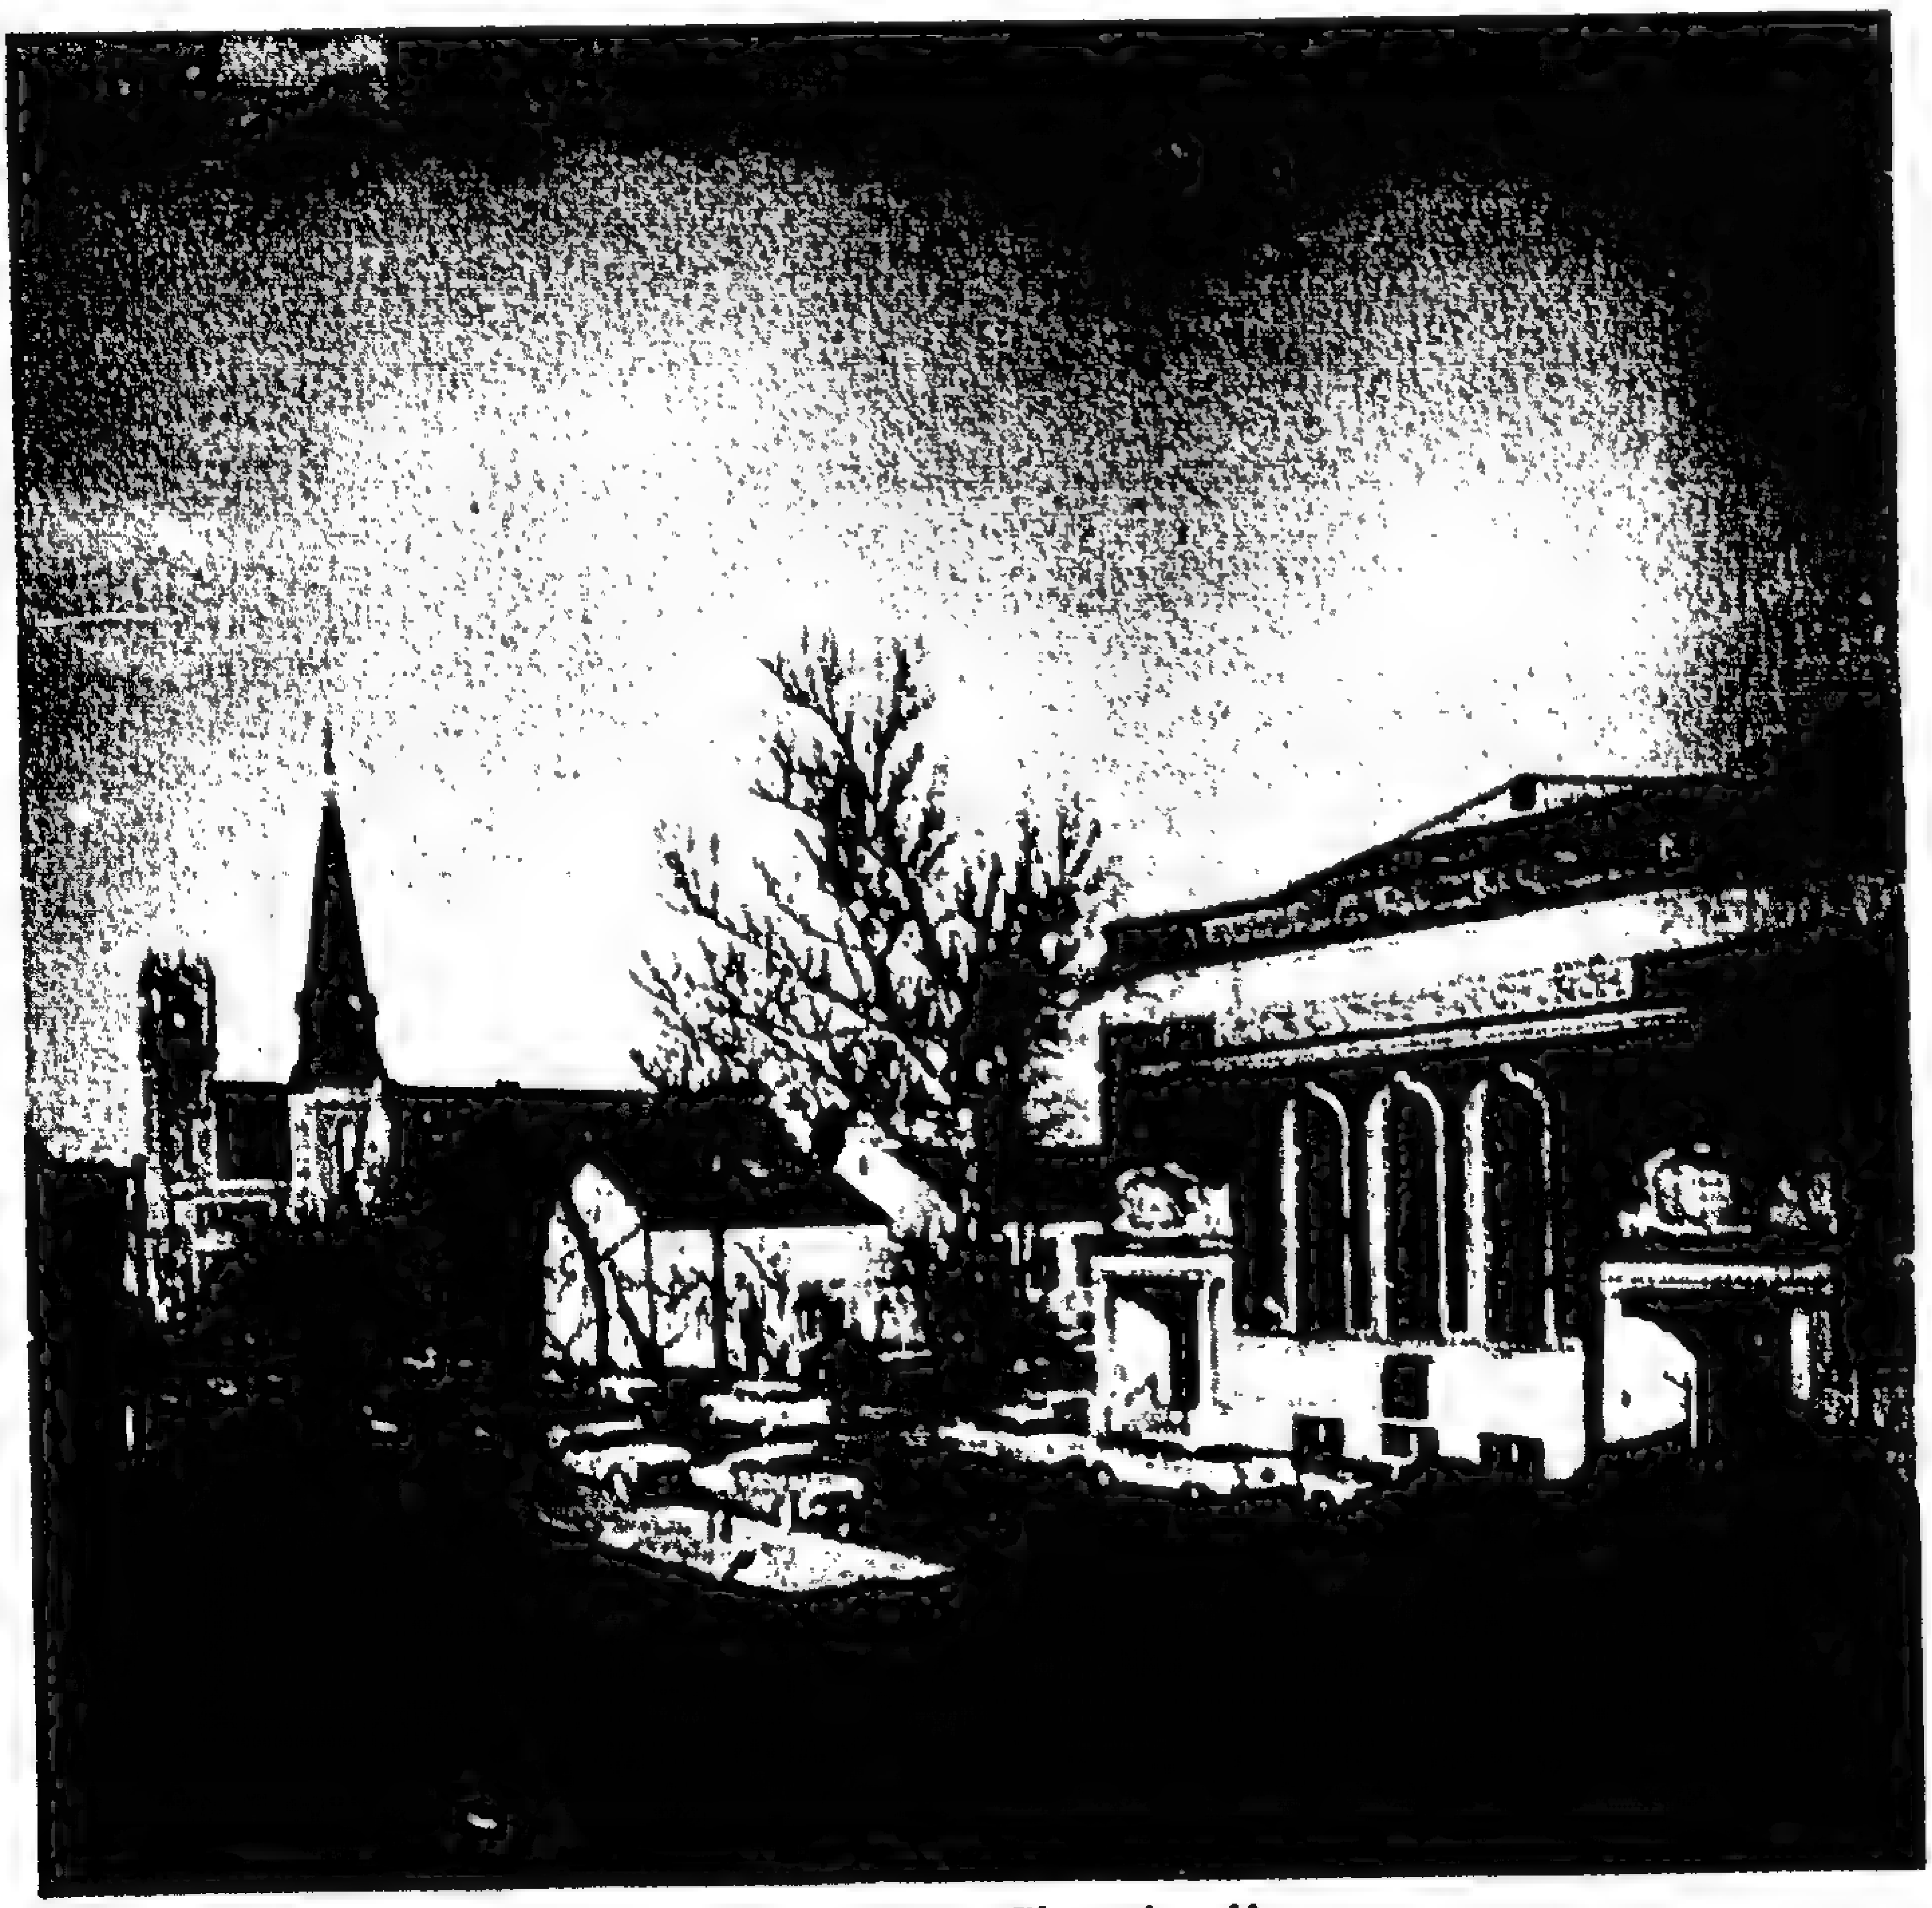
Other services furnished are telephone typewriter service to Terre Haute and surrounding towns—repeater service from four national broadcasting networks. This company maintains its own long-distance telephone exchange to make Terre Haute an important communications crossroads of the country.

The gas supply is provided by a private company. The plant has a capacity of 20,000,000 cubic feet per day of 1,000 B. T. U. natural gas. The company has 308.6 miles of gas mains and 21,000 gas meters.

Terre Haute is an important hub in the Middle Western electric power network. One of the Public Service Co.'s of Indiana's generating stations, Dresser Power Plant, located on the banks of the Wabash River, south of the city, has a capacity of 225,000 kilowatts. The new Wabash River Generating Plant, located on the banks of the Wabash River, north of the city, has a capacity of 525,000 kilowatts. Modern-type rate schedules afford lighting and domestic service as low as 1.3 cents per kilowatt hour, and power service at rates down to eight mills per kilowatt hour. Electricity for the city's ample street-lighting and parks is provided over company lines.

The water supply is furnished by a private corporation, the water being taken from the Wabash River, settled, coagulated, filtered and sterilized before delivery. The company has a capacity of 30,000,000 gallons per 24 hours, and the average daily delivery for 1959 was 6,775,000 gallons. The company has 207.4 miles of mains, 1,712 fire hydrants and 20,796 customers. Water is furnished on the meter basis.

In addition to its excellent water works system, the city has at all points in and around it, an ample supply to be had for the pumping. Terre Haute distilleries have wells which pump 1,000 gallons per minute per well. The Terre Haute Paper Co. pumps over 7,000,000 gallons per day. This water is good for all purposes. Recent installation of a 2,000,000 cubic feet storage tank in the East end greatly improves service to that area.



The city also has a large by-product coke plant manufacturing metallurgical and domestic coke and by-products, with a capacity of 600 tons per day.

There are 375 miles of streets in Terre Haute, 296.2 miles of which are paved with concrete, brick and asphalt, and 482.8 miles of concrete sidewalks.

Public Safety

To preserve order, the city has a police force of 111 men, two matrons and one traffic clerk, thoroughly drilled and under control and direction of the Board of Public Works and Safety consisting of three members appointed by the mayor.

The Terre Haute Fire Department is rated among the best in the country, and through its efficiency the community enjoys low insurance rates. It is housed in nine modern buildings. The force consists of 148 men, and its machinery comprises 9 pumpers, 2 city service trucks, one modern 100-foot American-LaFrance aerial truck and two 75-foot Maxim aerial truck. The department has the Gamewell fire-alarm system. There are 1,712 fire hydrants in the city, 3 resuscitators and 1 emergency truck.

"Downtown Churches"

Located on North 7th Street

Education, Public Welfare, Civic Features, Etc.

Terre Haute has 23 elementary schools, four senior high schools, and five junior high schools. There are also six parochial schools, which include one high school.

Also located in Terre Haute is Indiana State Teachers College, representing an investment of $17,500,000, and which has an enrollment of approximately 5,000; Rose Polytechnic Institute, one of the best technical schools in the country, and St. Mary-of-the-Woods, a Roman Catholic college for young women. The last-mentioned school occupies a site of 1,200 acres and has an investment of $20,000,000 in its properties. Also located here are the Terre Haute Commercial College, Smart Appearance Beauty College, and Ernestine Myers School for Dancing.

There are two large hospitals, with approximately equal capacity. They have a total of 550 beds and each hospital has a complete staff of physicians and surgeons equipped for all kinds of work.

Outdoor recreation is offered by the municipality in two public golf courses, one an 18-hole course with a $50,000 clubhouse; the other a nine-hole course with locker-room facilities at the Memorial Stadium. This stadium was built at an initial cost of $400,000 in memory of those who lost their lives in World War I. It seats 15,000 people. It is lighted for night games. Three private country clubs maintain excellent golf courses for their members. An excellent swimming beach for the use of the general public is a feature of the Izaak Walton League. The lake is well stocked with fish. Two downtown theatres offer the best in talking pictures, and they may be used for legitimate dramatic attractions. One community theatre, known as the Weldin Talley Memorial Playhouse, presents outstanding plays and films. There are three drive-in theatres.

Exclusive of secret orders, there are approximately 100 organizations listed as miscellaneous societies, clubs, etc. The fraternal societies are all represented, quite a number of them owning handsome homes, among which are the Masons, Odd Fellows, Knights of Pythias, Eagles, Elks, Knights of Columbus, Moose, Young Men's Christian Association and Young Women's Christian Association.

Industrial and Distribution Features

The importance of Terre Haute as a manufacturing center is evidenced by the fact that it has in successful operation 122 factories, representing many branches of industry. These factories give employment to 11,300 persons.

Terre Haute labor is of the very highest type, both skilled and unskilled, and the city is proud to invite industry to make an investigation of the facilities it has to offer.

Terre Haute has an active Chamber of Commerce to look after its commercial and industrial interests.

Factory sites on all railroads are available on favorable terms.

Terre Haute is admirably located for practically any type of distributing agency desiring to cover the territory of western Indiana and eastern Illinois, or, in fact, the Central West. Insofar as the industrial development of Terre Haute is concerned, it is Terre Haute's purpose to interest those manufacturing establishments that are equipped for economical and steady production. It is the Chamber's opinion that no sound manufacturing enterprise will endeavor to locate a main or branch plant without conducting a careful investigation of economic conditions. Terre Haute must have the types of industries to which its particular location and advantages are adapted. A city cannot help but prosper if its industries prosper. Terre Haute appreciates this mutual benefit and assures prospective industry of the fullest co-operation.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

R. L. Polk & Co.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson)

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.
